

HOW TO RECYCLE RIGHT!

Place everything loosely in the bins instead of in a plastic bag.

CARDBOARD BIN

Flatten boxes made from corrugated cardboard.

No greasy pizza boxes, paperboard, styrofoam peanuts, or bubble wrap.

MIXED PAPER & PAPERBOARD BIN

Mail, catalogs, phone books, magazines, shredded paper, paperback books, file folders, newspapers, and paperboard (cereal & beverage boxes).

Staples and envelopes with clear windows are acceptable.

No waxed paper (milk and juice cartons or fast-food cups). No hardback books.

PLASTIC, ALUMINUM & STEEL BIN

Remove all food/liquid and rinse all containers.

Aluminum Cans: Soda cans and beer cans. *No aluminum foil or pie tins.*

Steel Cans: Soup cans, vegetable cans, pet food cans, & aerosol cans.

Plastic #1 & #2: The type of plastic is stamped on the bottom of the container and is designated by a number located inside the recycling symbol.

Do not include plastics with the #3-7 stamp or unstamped plastic.

Examples: Water bottles, soda bottles, and some food containers.

Examples: Milk jugs, shampoo, bleach, and laundry detergent bottles.

Thank you for taking the time to recycle right!
